

# Impressions™

*Our High Quality Entry Level Flooring Collection with industry leading features and quality found in some manufacturers higher end lines.*

## **Product Highlights:**

- 3" (77mm) wide, 5/16" (8mm) thick, random length (1.5" to 3', with some 4' lengths), nested in 6' cartons.
- A full 2mm thick, dry sawn White Oak wear layer. The thickest in the industry for a 5/16" thick engineered wood floor.
- Traditional T&G designed for either glue or staple down installation.
- Micro-bevel sides and ends.
- A green managed, plantation grown Poplar plywood core.
- Full-filled, medium gloss UV-cured aluminum oxide finish.
- Limited lifetime structural and limited 10-year finish warranties.
- Five designer inspired colors.
